What You should Expect...From your painting Contractor you select to repaint you Home or Business

You Should Expect:

1. Your furniture, floors and carpet should be protected with cloth or plastic sheets from start to finish.
2. Watermarks, smoke stains, pen marks, and other unsightly blemishes that could bleed through the new paint should be properly primed with an appropriate primer or sealer.
3. Any loose paint or other imperfections on wall ceilings and woodwork should be removed by scraping and sanding.
4. Cracks and holes in walls and ceilings should be repaired with an appropriate filler, sanded and primed
5. Holes in the woodwork should be filled, sanded smooth and primed. Imperfections and damaged areas should be sanded smooth.
6. Open joints and gaps should be caulked with an appropriate acrylic gap filler for a cleaner and more finished appearance.
7. Glossy surfaces should be dulled with a de-gloss or sanded to ensure proper paint adhesion
8. Only quality Material should be used. Only quality materials give the best results and LAST Longer
9. The work should be done in a neat and professional manner by skilled craftspeople who are polite friendly and work efficiently
10. Of course, excess paint should be removed windows, carpets, floors or anything that is no being painted and the entire area should be clean and tidy
11. Waste material, by-products and used solvents should be disposed of safely, properly and in an environmentally responsible manner
12. The proper Health and safety procedure and equipment should be employed so that your job can be completed safely
13. The contractor should carry appropriate insurance cover
14. Touch Up paints should be left of future convenience
